

## National Library for Public Health e-Newsletter

October  
2009

Welcome to the October edition of the [National Library for Public Health](#) newsletter.

The purpose of this newsletter is to highlight new additions to the library and any special pieces of work we have done.

We hope you find this useful and would welcome any comments. If you would like to be added or removed from our mailing list, please email [library@nepho.org.uk](mailto:library@nepho.org.uk). Please note, due to the volume of emails received for subscriptions, you **will not** receive a confirmation.

### New sub-collection - Crime & violence

We are constantly adding new resources to the NLPH as well as systematically adding new sub-collections. We have just added a large number of resources on crime & violence - many of which are reflected below.

### Depression Annual Evidence Update from NHS Evidence - mental health

The mental health specialist collection has recently launched their 2009 annual evidence update on depression. The section on [populations and settings](#) is especially relevant to public health as it covers the populations of children & young people, older people, ethnic minorities, and women as well as interventions in the workplace. For the full AEU, [please visit NHS Evidence - mental health](#).

### Consultations

Consultations on a number of public health topics are currently being run. Further details can be found via the links below.

- [Health and Social Care Act 2008 Code of Practice for health and social care on the prevention and control of infections](#) Consultation closes 6th November.
- [Quitting smoking in pregnancy and following childbirth](#) Consultation closes 22nd October.
- [New horizons: towards a shared vision for mental health](#) Consultation ends 15th October.

### Subscribe to the NHS Evidence *Eyes on Evidence* Newsletter

If you would like to receive Eyes on Evidence, the monthly e-bulletin from NHS Evidence, please sign up at <http://www.evidence.nhs.uk/NewsletterSignup.aspx>.

The library has been developed to provide high quality evidence e-based information on all aspects of public health.

It is designed for those working in the field of public health by providing a single source of access to web based evidence on public health. It is being developed as part of the Department of Health Information and Intelligence Strategy by the North East Public Health Observatory. It replaces the Public Health Electronic Library (PHeL).

The National Library for Public Health does not contain

The bulletin will keep you updated with new and important evidence and key developments on the NHS Evidence portal. It comes out on the second Wednesday of the month and can be sent to any e-mail address that you provide.

patient  
information  
on  
individual  
medical  
conditions.

## Events

For a list of new and upcoming events, please see the [Events section below](#).

## New additions

We have highlighted items brand new to the whole of the National Libraries for Health and key items for topics. If you are interested in a full list of items, please visit the [September 2009](#) additions page, otherwise select a topic below for a selection of items. Please note that these links may not work in some email clients.
